

AMAT220 COURSE DESCRIPTION (FALL 2009)

1. ABOUT THE INSTRUCTOR

- (1) Name: Heekyoung Hahn
- (2) Office: ES132H
- (3) Office Phone: 442-4597
- (4) Email: hhahn@albany.edu
- (5) Homepage: <http://www.math.albany.edu/~hh218927/>

2. ABOUT CLASS

- (1) Class hours: MW 4:15–5:35
- (2) Classroom: ES143
- (3) Office hours: Tuesday 1–3pm, or by Appointment
- (4) Last day of instruction: Dec 7 (Monday)
- (5) Text: Linear Algebra and its applications (3th Ed. Update), David C. Lay
- (6) Course Homepage: <http://www.math.albany.edu/~hh218927/AMAT220.html>

3. ABOUT EXAMS

- (1) Midterm I: **September 23** (Wednesday), in class
Midterm II: **October 21** (Wednesday), in class
Midterm III: **November 18** (Wednesday), in class
- (2) Final: **December 16** (Wednesday), 10:30am–12:30pm at ES143
- (3) There will be NO make-up exams. Midterms will consist of 5–6 problems each. The final will be cumulative and will have about 10–12 problems. It is your responsibility to remember the exam date and time.

4. ABOUT GRADING

- (1) Total (400 points): Midterm I, II and III (80 pts each), Final (160 pts)
- (2) Homework problems (3–5 problems) will be given every week, but will NOT be graded. These problems do not contribute directly to your total grade, but they may very well appear on exams.
